Intro

Very Simple Kitchen is an Italian brand that creates modular solutions for contemporary lifestyles. We tailor kitchens to fit any space. Our products are designed to reduce unnecessary complexity, introducing a simple and innovative approach based on freestanding modules. 100% stainless steel and completely made in Italy, our kitchens can be shipped internationally from our headquarter in Bologna.

Very Simple:

Kitchen

Inspired by the minimalism and straight lines of Italy's industrial heritage, Very Simple: Kitchen was founded with the desire to reinvent kitchen's space. Our products are a combination of industrial style and simple forms with careful attention paid to the use of colors, materials and finishing.

**We Take

Industrial
Heritage That
Is Part Of
Our Story.**

Focus on Features

It's: Flexible

Flexibility allows to take your kitchen everywhere. Our kitchens are 'nomads'. They can be moved and modified over time to follow your changing needs.

Focus on Features

It's: Colorful

We use an industrial painting process (powder coating) that makes our colors extremely long-lasting.

Focus on Features

It's: Durable

High-end natural stones, technical materials, components and appliances will make your kitchen durable and unique. We are always on the lookout for new elements and suppliers in order to give your kitchen an inimitable style.

Focus on Features

It's: Sustainable

We care about our products and we care about the planet. That's why our kitchen structures are 100% stainless steel. This eco-friendly and recyclable material makes our products strong and durable.

Focus on Features

It's: Made in Italy

Our products are manufactured in Italy. The collaboration with local craftsmen allow us to produce kitchens of the highest quality.

Focus on Features

It's: Outdoor

Our colorful, flexible, sustainable & made-in-Italy world also enters the outdoor space, offering new and innovative alternatives in the design of the kitchen environment.

Focus on Features

It's: Teklan Edition

When we discovered Swedish Designer Tekla Evelina Severin, the seed was sown for a beautiful and extremely colorful relationship to blossom. Marrying the excellence of two great design perspectives, the flexible series is the result of Scandinavian and Italian design sensibilities clashing happily together.

Focus on Features

It Also Can Be: Wooden

With over a year of research and development of materials and painting techniques, we introduce our first line of wooden kitchens, incorporating semi-industrialised processes to optimise costs and speed up customisation.

Focus on Features

It's Our: Online Configurator

With our online configurator you can design and make an immediate quote of your kitchen.
