ABOUT

Very Simple: Kitchen is an Italian brand that creates modular solutions for contemporary lifestyles. We tailor kitchens to fit any space. Our products are designed to reduce unnecessary complexity, introducing a simple and innovative approach based on freestanding modules. Produced with stainless or recycled steel and completely made in Italy, our kitchens can be shipped internationally from our headquarter in Bologna.

Inspired by the minimalism and straight lines of Italy's industrial heritage, Very Simple: Kitchen was founded with the desire to reinvent kitchen's space. Our products are a combination of industrial style and simple forms with careful attention paid to the use of colors, materials and finishing.

/ Very Simple: Kitchen è un brand italiano che offre soluzioni modulari per l'abitare contemporaneo. Creiamo cucine per adattarsi a qualsiasi spazio. I nostri prodotti sono progettati per ridurre la complessità, introducendo un approccio semplice e innovativo basato su moduli freestanding. Prodotte in acciaio inox o in acciaio riciclato e interamente made in Italy, le nostre cucine possono essere spedite in tutto il mondo dalla nostra sede di Bologna.

Ispirandosi alle linee minimaliste e lineari del patrimonio industriale italiano, Very Simple: Kitchen nasce col desiderio di creare un nuovo modo di vivere lo spazio cucina. I nostri prodotti sono una combinazione tra lo stile industriale dalle geometrie semplici e un accurato utilizzo

OUTDOOR COLLECTION

Very simple: Kitchen launched its first outdoor collection in 2022 with the aim of expanding into other domestic spaces.

100% stainless steel and also available in standard colours, our kitchens adapt to any outdoor environment thanks to their flexibility. The system consists of lightweight modules that can be joined together to create a unique and fully customisable kitchen design.

/ Very Simple: Kitchen ha lanciato la sua prima collezione per esterni nel 2022 con l'obiettivo di espandersi in altri ambienti domestici. 100% acciaio inox e disponibili anche in colori standard, le nostre cucine si adattano a qualsiasi spazio esterno grazie alla loro flessibilità. Il sistema è composto da moduli leggeri che possono essere assemblati per creare un progetto cucina unico e completamente personalizzabile.
